EDUCATION

University
2021 - 2025
Bsc Computer Engineering
UET Taxila

College
2019 - 2021
ICS
Secured 94%
Punjab College of Commerce

Matriculation
2019
Computer Science
Secured 78% Marks
Fauji Foundation School & College

SKILLS

- Digital System Design & HDL Programming
- Machine Learning
- Programming Languages (C++, Java, Python)
- Microcontroller & Embedded Systems
- Web & Application Development

PROFILE

Computer Engineering graduate from UET Taxila, skilled in digital system design, ML, networks, and cybersecurity. Completed projects like Macro Keyboard, Urban Sound Classifier, Music Player (C++), and Digital Steganography (Java). Currently working on a Hardware Accelerator for AES (FYP). Proficient in ML concepts (Logistic Regression, Neural Networks, K-means, Decision Trees) and tools like Google Colab, Kaggle. Strong in coding, problem-solving, and adaptability.

PROJECTS

- Macro Keyboard (using Arduino Leonardo)
- Home Automation (using ESP 32)
- Music Player in C++
- Digital Stop Watch (using FPGA)
- Urban Sound Classification (Python)
- Digital Steganography in Java
- Online Job Portal (SQL)

CERTIFICATIONS

- Wordpress
- SEO
- Ecommerce Management
- Graphic Designing
